34th Annual Assembly of General Surgeons 2011

Thursday, May 26th at the Sutton Place Hotel

This is a high point of the academic year in general surgery. It provides an opportunity for us to highlight the very best academic work in science that occurs in the division of general surgery. It is also wonderfully convivial day that culminates in the graduation ceremony for our general surgery residents. All faculty and trainees (residents and fellows) are encouraged to mark your calendars and plan to stay for the entire day.

Our Tovee lecturer this year is Professor Michael Solomon from Sydney, Australia. His presentation is entitled “Training Academic Surgeons in Australia”.

Professor Solomon is a product of our Colorectal Fellowship. He is poised to share the extraordinary impact that the University of Toronto had on his own career. In addition to being a world-renowned surgeon, he is a warm and engaging individual. We look forward to his input into this important day on our calendar.

Please check our website at:

<http://generalsurgery.utoronto.ca/home.htm> often. The full program will be posted following the abstract selection in April.
