

各位同仁,

非常荣幸各位能参加今天在这里举行的首届多伦多大学和中国的关于脊柱，骨骼，肌肉和软组织肿瘤最新进展的研讨会。本届研讨会的目的在于促进临床和科研人员，以及学生之间交流肿瘤治疗的经验。我们将重点讨论关于肿瘤骨转移的手术和药物治疗的最新进展。在这里我们和热烈欢迎各位来自中国的学者，和我们一起探讨原发性骨肿瘤和肿瘤骨转移的临床经验。李建民 医师（山东 大学附属齐鲁医院）将作复杂性原发脊柱肿瘤的手术治疗展望的发言。张 强 医师（首都医科大学附属北京地坛医院）和张 晓 晶 医师（大连医科大学附属辽宁省肿瘤医院）将作肢体肿瘤的外科治疗进展的发言。于胜 吉医师（北京协和医学院和中国医学科学院附属肿瘤医院）将作骨和软组织肉瘤的多重模式治疗的演讲。

在这里我们对邀请的客人能到多多参加本次学术交流表示感谢。我们欢迎你们的演讲和讨论，和多位来自中国的肿瘤治疗中心的学者交流将使我们受益匪浅。基于在我们Sunnybrook 健康中心肿瘤外科/RRRP/BMC, Odette 肿瘤中心在2011年12月对北京的访问，这是一次很好的机会，让我们在临床，科研和教育方面与中国进行进一步的交流。

作为研讨会的联席主席，我们感谢组委会（Ms. Sarah Davies, Ms. Padina Pezeshki, Ms. Stacey Yuen和很多其他人员）以及Ms. Lori Holden的共同努力。感谢Weining Yang先生和William Du先生帮助参与大会的翻译工作。感谢各位发言者在这个感恩节的前夕的演讲。我们很高兴能获得有关药物，放射/放射外科，高能聚焦超声和手术治疗等临床最新进展，分子肿瘤学的研究，以及影像学的发展，这些都会推动我们对骨骼肌肉系统疾病的评估。

感谢多伦多大学脊柱项目，外科系，Holland肌肉骨骼项目，Sunnybrook健康中心骨科，快速反应放射治疗计划/骨转移组和肿瘤外科项目，Odette肿瘤中心对本研讨会的共同支持。

此致

Albert Yee and Edward Chow

INAUGURAL JOINT UNIVERSITY OF TORONTO AND CHINA SYMPOSIUM: CURRENT CONCEPTS IN SPINAL AND MUSCULOSKELETAL ONCOLOGY

Courtyard Ballroom, Vaughan Estate, Estates of Sunnybrook, Toronto – October 5th, 2012

Rapid Response Radiotherapy Program/Bone Metastases Site Group & Surgical Oncology at The Odette Cancer Centre, Holland Musculoskeletal Program, Sunnybrook Health Sciences Centre; University of Toronto Spine Program

730	WELCOME - REGISTRATION & CONTINENTAL BREAKFAST	
	SIGN IN	
800	Welcome	Dr. Albert Yee & Ms. Lori Holden
810	Opening Remarks	<p>Dr. Shun Wong <i>Chief, Department of Radiation Oncology, Sunnybrook Health Sciences Centre Professor and Vice Chair, Radiation Oncology, University of Toronto</i></p> <p>Dr. Joel Finkelstein <i>Spine Section Head, Division of Orthopaedics, Sunnybrook Health Sciences Centre</i></p>
820	Introductory Comments	<p>Dr. Ben Alman <i>AJ Latner Professor and Chair, Division of Orthopaedics, Department of Surgery University of Toronto</i></p>
	<p>SESSION I: <i>The Importance of Multicenter and Population Based Studies in Spinal and Musculoskeletal Metastases</i> Dr. Albert Yee (Moderator)</p>	
830		<p>Dr. Eric Massicotte <i>Division of Neurosurgery, Toronto Western Hospital</i> <i>"AO Spine Metastases Study"</i></p>
840		<p>Dr. Joel Finkelstein <i>Division of Orthopaedic Surgery, Sunnybrook Health Sciences Centre</i> <i>"Population Based Outcomes in Spinal Metastases"</i></p>
850		<p>Ms. Lori Holden <i>Rapid Response Radiotherapy Program Vice-Chair, Sunnybrook Health Sciences Centre</i> <i>"Multidisciplinary Bone Metastases Clinic at Odette Cancer Centre, First of Its Kind in Canada"</i></p>
900	DISCUSSION	

920	Visiting Professor Lecture	Dr. Shengji Yu Cancer Institute and Hospital, Chinese Academy of Medical Sciences (CAMS), PUMC, Beijing <i>"Morbidity and Tumor Control in Limb-Saving Resection with Intraoperative Radiotherapy in a Multimodality Therapy Concept in Bone and Soft Tissue Sarcoma"</i>
955	COFFEE BREAK & POSTER SESSION	
SESSION II: Integrating Medical Care of Bone Metastases and Advances in Medical Treatment Dr. Edward Chow (Moderator)		
1020		Dr. Urban Emmenegger Division of Medical Oncology/Hematology, Sunnybrook Health Sciences Centre <i>"Latest Advances in the Medical Treatment of Bone Metastases"</i>
1030		Dr. Edward Chow Chair, Rapid Response Radiotherapy Program, Odette Cancer Centre, Radiation Oncology, Sunnybrook Health Sciences Centre <i>"Quality of Life in Bone Metastases"</i>
1040		Dr. Greg Czarnota Department of Radiation Oncology and Imaging Research, Sunnybrook Health Sciences Centre <i>"HIFU Therapy for Bone Metastases"</i>
1050		Dr. Burton Yang Department of Laboratory Medicine and Pathology, University of Toronto, Senior Scientist, Sunnybrook Research Institute <i>"Versican G3 and Breast Cancer Metastasis, Potential Future Targets"</i>
1100	DISCUSSION	
SESSION III: The Treatment of Primary Musculoskeletal and Related Tumours Ms. Lori Holden (Moderator)		
1120		Dr. Zhang Qiang Department of Orthopaedics, Beijing Ditan Hospital, Capital Medical University <i>"The Use of An Ultrasonic Scalpel Burr in Treatment of Giant Cell Tumours of the Lone Bones"</i>
1145		Dr. Xiaojing Zhang Department of Orthopaedic Oncology, Liaoning Cancer Hospital & Institute, Dalian Medical University <i>"Surgical Strategy for Long Bone Metastases"</i>
1210		Dr. Albert Yee and Dr. Andrew Smith Division of Orthopaedic Surgery and Division of General Surgery, Sunnybrook Health Sciences Centre <i>"Anterior Sacrectomy for Recurrent Rectal Carcinoma – Role and Technical Considerations for Wide Tumor Resection"</i>

1220	DISCUSSION
1240	LUNCH & POSTER SESSION
	SESSION IV: <i>Advances in the Treatment of Vertebral Tumours</i> Dr. Albert Yee (Moderator)
1330	Welcome Dr. Calvin Law <i>Head, Surgical Oncology, Odette Cancer Centre, Sunnybrook Health Sciences Centre</i>
1340	Dr. Jianmin Li Department of Orthopaedics, Qilu Hospital, Shandong University Medical School, Shandong <i>"The Spondylectomy for Spinal Tumors"</i>
1405	Dr. Cari Whyne Department of Surgery, Sunnybrook Health Sciences Centre <i>"Evaluating Stability in the Vertebral Metastatic Spine – Effects of Systemic and Local Therapies"</i>
1415	Dr. Stephen Lewis Division of Orthopaedic Surgery, Toronto Western Hospital <i>"Spinal Oncology and the Wide Resection"</i>
1425	DISCUSSION
	SESSION V: <i>Advances in Local and Systemic Therapies, Response to Treatment, and Monitoring of Tumour Burden</i> Ms. Padina Pezeshki (Moderator)
1445	Dr. Michael Ford Division of Orthopaedic Surgery, Sunnybrook Health Sciences Centre <i>"The Role of MIS Approaches in Vertebral Metastasis"</i>
1455	Dr. Carlo DeAngelis / Dr. Mark Pasetka Department of Pharmacy, Sunnybrook Health Sciences Centre <i>"Urinary Markers for Pain Flare and HIFU Bone Metastases"</i>
1505	Dr. Arjun Sahgal Radiation Oncology, Princess Margaret Hospital, Sunnybrook Health Sciences Centre <i>"Radiosurgery of Spinal Metastases"</i>
1515	DISCUSSION
1535	Closing Remarks by Dr. Albert Yee and Ms. Lori Holden
	END OF DAY (Please join us for wine and cheese)
