ACCREDITATION

The Office of Continuing Education and Professional Development (CEPD), Faculty of Medicine, University of Toronto, is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME), a subcommittee of the Committee on Accreditation of Canadian Medical Schools (CACMS). This standard allows the Office of CEPD to assign credits for educational activities based on the criteria established by The College of Family Physicians of Canada, and the Royal College of Physicians and Surgeons of Canada.

Additionally, the Accreditation Council for Continuing Medical Education of the United States (ACCME) maintains a reciprocity relationship with CACME, which the American Medical Association (AMA) recognizes for the purpose of allowing Canadian medical schools the ability to accredit activities for AMA PRA Category 1. As a result of a reciprocal agreement between the AMA and the European Accreditation Council for CME (EACCME), this agreement permits the Office of CEPD to assign EACCME credits.

Letters of Accreditation / Attendance

Letters of Accreditation/Attendance will be available online following the Update in General Surgery 2012 Conference.

Participants will be e-mailed information on or before **April 30, 2012** specifying how to obtain their letter online.

ELECTRONIC SYLLABUS

To ensure that participants receive the most up-to-date information from presenters, and to reduce the environmental impact of our meeting, a hard copy syllabus will not be printed. Conference participants will be presented with an electronic syllabus post conference and will be able to access recorded "live" presentations on the CEPD General Surgery website.

GREENER LEARNING

The Office of CEPD promotes green meeting solutions in the delivery of our educational programs and events.
